

## Job Posting

### Invasive Species Strike Team Technician

#### About the Catskill Center

Founded in 1969, the Catskill Center is a 501(c)(3) non-profit that preserves and enriches the environmental, economic, and cultural well-being of the Catskill region. We believe that the vitality and prosperity of the Catskills depend on robust collaboration, thriving local communities, and the wise stewardship of our natural resources. To learn more, visit [www.catskillcenter.org](http://www.catskillcenter.org).

The Catskill Center serves as the host organization for the Catskill Regional Invasive Species Partnership (CRISP), one of eight Partnerships for Regional Invasive Species Management (PRISMs) in New York. The mission of CRISP is to promote education, prevention, early detection, and control of invasive species to limit their impact on the ecosystems and economies of the Catskills.

#### Position Description

We are seeking 4-5 motivated and reliable Invasive Species Strike Team Technicians to join us in controlling invasive species throughout the Catskills this season: Two Aquatic Strike Team Technicians and 2-3 Terrestrial Strike Team Technicians.

These seasonal Technicians are anticipated to work 37.5 hours/week for 14-18 weeks, beginning mid-May. The Terrestrial Strike Team will focus control efforts on terrestrial plants and animals. The Aquatic Strike Team will focus efforts in and around lakes, rivers, and streams, working from boats or shore in waders or similar gear. All equipment is supplied, but Strike Teams may need to transport equipment and gear to field sites, including kayaks, as appropriate. Training is provided.

The Aquatic Strike Team will be supervised by the CRISP Aquatic Invasive Species Manager, and the Terrestrial Strike Team will be supervised by the CRISP Terrestrial Invasive Species Manager.

All Strike Team Technicians will be based in Arkville, NY, where they will complete some office work. However, most days the Technicians will be outdoors in remote environments with minimal facilities available. Frequent travel throughout the Catskills region will be required. Technicians may have the option to stay overnight at some management sites.

## **Job Responsibilities**

All Strike Team Technicians will:

- Accurately identify, survey, and map invasive plants and animals
- Conduct chemical and/or mechanical invasive species removals
- Assist CRISP colleagues with surveys and/or management where needed
- Keep accurate, timely, and detailed records of activities
- Assist with creation and upkeep of end-of-season maps and reports
- Properly use and care for tools and equipment, including appropriate cleaning
- Follow all relevant safety precautions, including tool safety, safe boating practices, and any active COVID-19 safety protocols
- Work with the Volunteer Outreach Coordinator to recruit volunteers, plan and co-lead invasive species removal volunteer days, and train volunteers on invasive species identification and removal techniques
- Educate the public about invasive species
- Other duties as assigned

The Terrestrial Strike Team Technicians will also plant native trees and shrubs and maintain ecological restoration areas.

## **Required Qualifications**

Applicants must have a valid driver's license and access to a reliable vehicle with ability to transport equipment to field sites. Additional requirements include:

- Ability to hike up to 4 miles carrying up to 30 lbs. over steep, uneven terrain
- Ability to remain outdoors with minimal access to facilities and no cell service for eight hours at a time
- Video conferencing ability for remote training and remote work
- Ability to work independently
- Demonstrated team-working and communication skills
- Ability to use and/or willingness to learn new web and mobile applications, GIS software and/or GPS devices
- Aquatic Strike Team Technicians must also be comfortable on open water

## **Preferred Qualifications**

- Ability to identify invasive species
- Prior experience managing invasive species
- Knowledge of natural resources management, ecology, or related fields
- Passion for the environment and the Catskills
- Previous boating experience & ability to swim (Aquatic Strike Team only)

## **Compensation**

\$16-18 per hour, depending on experience.

**TO APPLY**

Send a complete application package to [jobs@catskillcenter.org](mailto:jobs@catskillcenter.org), including:

1. Cover letter, specifying which Strike Team you are interested in joining (or both), and how you learned about this position
2. Resume
3. Contact information for three professional references

Review of applications will begin April 18th. Positions are open until filled.

**The Catskill Center is an equal opportunity employer.**
